VFIC BOARD OF TRUSTEES

Honoring
KENNETH R. GARREN, PH.D
PRESIDENT
UNIVERSITY OF LYNCHBURG
Dr. Kenneth R. Garren is in his 19th year as President of the University of Lynchburg and his 58th year in professional service. He worked for NASA on the Apollo project, and co-authored “Manual Control of High-Altitude Apollo Launch Abort” which was signed by Buzz Aldrin. Beginning his military service in high school, Ken retired as a U.S. Army Colonel, receiving the Meritorious Service Medal at Ft. Leavenworth, Kansas. At the end of the 2019-2020 academic year, Dr. Garren will be retiring from the University of Lynchburg.

Dr. Garren earned his undergraduate degree from Roanoke College, master’s degree from the College of William & Mary, and doctoral degree from Virginia Polytechnic Institute.

Since 2004, he has co-chaired the VFIC Ethics Bowl Committee and has been an integral part of its success. In addition, he serves on the following boards: Virginia Chapter of VCIC, LCSE Foundation, EIA, the Legislative Affairs Committee of the Alliance/Chamber of Lynchburg, NAICU (Executive Committee). Previously, he served as a Southern Association of Colleges and Schools Commissioner.

He and Sheila Johnston Garren, a former elementary school teacher, have three children, all of whom have earned doctoral degrees, and eight grandchildren.
